

Ministik School Public Meeting

Ministik School

Feb. 7, 2017

7:30 p.m. to 7:55 p.m.

Session: 2

Topic: Transportation

Recorder: Colleen

Questions Asked:

- **How has the cost of transportation been weighed with the social impact for children? How did you come to the conclusion that this is a good idea? What studies have been done? What research? How will longer bus rides affect the sense of community and sense of neighbours?**
- **What is the length of a bus ride for these kids? What is the longest length of a bus ride?**
- **What is reasonable?**
- **Every child is unique. Every child had different trauma and life circumstances. This is difficult to answer.**
- **Will the ride have an impact on family life? Can families still have dinner together? Will this affect extra-curricular activities?**
- **All schools in the county were closed (except Ministik and Colchester) in the county in the 60's. Fultonvale was added afterwards. This was an original mistake that we should not pursue again. There is an increase in acreages. There are more kids. This will limit the numbers of extra-curricular opportunities.**
- **Did people purchase in the area because of the elementary school here?**
- **Are there any growth projection studies for this area including Beaver County?**
