## Session: 2

### Topic: Infrastructure

### Recorder: Sven

- at 730 PM a parent came in and said that everyone is in the gym, we're all heading there
- most parents got up and left to go to the gym
- 6 parents stayed in the room
- 738 PM announcement for everyone to go to the gym

### Key Points:

- Assumption is that everyone is going to Fultonvale
- My kids are 29 and 30. This doesn't affect me but my kids went here. This not about dollars and cents. This is about community. Everyone looked after everyone.
- This is sad - the school has been here for so many years. It is a historical building.

### Questions Asked:

- Did you factor when the renovation was going on - assuming everyone is going to Fultonvale - the increased number of students? Did it factor in everyone from here going there?
- Jr high everyone was going there anyway
  - A: no decisions have been made
  - A: Fultonvale built for 600 students, can go up to 700 (build out)
  - A: Ministik has 127 students currently; Fultonvale has 408 currently
- What is the plan because they will have to look at Wye school in the future
  - A: a replacement school for Wye - number of years down the road
- How much have we considered not just the impact to the school but on the community?
  - Every-time you close one of these little schools and go to the big school you lose community
